4.1 Description of first aid measures

General Advice

First-aid personnel: ensure self-protection!

After inhalation: Fresh air. If breathing stops immediately apply mechanical ventilation, if necessary oxygen mask. Immediately call in physician.

After contact with skin: Wash off with plenty of water. Remove contaminated clothing.

After contact with eyes: Rinse out with plenty of water for at least 10 minutes with the eyelid held wide open.

Immediately call in physician

After ingestion: Never give anything by mouth to an unconscious person. Make the victim drink plenty of water,

do not induce vomiting. Call in physician.

4.2 Most Important symptoms and effects, both acute and delayed
