

## Technical Data Sheet

|                                                          |                                   |
|----------------------------------------------------------|-----------------------------------|
| Product Name                                             | Formaldehyde 4% Buffered Solution |
| Product #                                                | KS-00759                          |
| For laboratory use , Potassium Phosphate Salts as Buffer |                                   |
| Specifications                                           |                                   |
| Assay (w/v)                                              | 3.6 - 4.0%                        |
| Form                                                     | Liquid                            |
| Color                                                    | Colorless to slightly turbid      |
| Turbidity                                                | Clear to slightly turbid          |
| pH-Value                                                 | 6.9 - 7.2                         |
